LEARN THROUGH PLAY

Each item comes as a collection of 12 worksheets on 6 reversible boards. Some exercises promote careful observation and analysis, others encourage creativity, perceptiveness, dexterity, drawing and writing. Many tasks can be performed competitively with the use of the hourglass timer provided. Thanks to draw & wipe technology, all worksheets can be used many times.

FAMILY & PARTY GAMES

Just like in real – play the full rugby union tournament! Twenty teams battle through the pool and knock out stages to lift the ultimate prize in world rugby. Roll dice to take on your adversaries. Luck plays its part, but being a better seeded team may be the difference between winning or being knocked out.

The further your favourite team progress, the more nerve wracking the tension becomes...

FAMILY & PARTY GAMES

GIMATRIKS is a unique WORD GAME in which you can only win by being... GOOD AT COUNTING! All letters have been assigned numerical values and players assemble words to match the total word value with a specific number. Get creative and seek ways to build words that will score you as many points as possible. It's a true workout for the mind, one that utilizes both hemispheres of the brain at once! Are you ready to take the challenge? If so, prepare to do some serious thinking!
